

FIND URINE STAINS THAT ARE INVISIBLE FOR THE NAKED EYE

# ECOLIGHT

URINE STAIN DETECTOR (UV-LED)

The (dried) salt in the urine will light up in the light of the detector, making the treatment of the 'source' easier. Batteries (3 AAA Duracell) are included for your convenience.

### INSTRUCTIONS FOR USE

Switch the EcoLight on using the button at the top. Make the room completely dark. To search for the odour source, hover the light close to the surface over the suspected area(s). The crystals present in vomit and/or urine will glow a faint yellow/green. Treat the odour source with Ecodor UF2000.

### ICON EXPLANATION

The packaging can be recycled

Empty packing in the trash can.

Batteries and detector not be disposed of as household waste. Waste electrical and electronic equipment.

Do not look directly at uv-light
